# TORIES CUT FUNDS FOR FIGHTING ANTI-SOCIAL BEHAVIOUR BY 30%

## What they said.

When launching the Conservative Controlled Borough Council's **Sustainable Community Strategy**, the Leader of the Council commented "the strategy is important for the people who live and work in the Borough, as it deals with a range of issues affecting peoples well being".

## What they did.

At the same meeting, the ruling Tories slashed their budget for fighting Anti-Social Behaviour by nearly a third! (They also cut Promotion of Healthy Living by 30% and Holiday Play Schemes by 14%.)

Mark said "This shows the true priority that Cameron's Tories give to fighting crime. Spin won't cut crime, nor will blaming society.

*The Tories show no signs of a coherent policy on crime. One day they're telling us to hug a hoodie; the next it's slap a hoodie. Where do they really stand on crime? They don't seem able to decide and have no real policies to make our country safer.*

*While the Tories fight a rhetorical arms race with Labour to talk the toughest on crime, **the Liberal Democrats are proposing real solutions.** We have launched a five step plan for safer Communities, which we will push Macclesfield Council to adopt on your behalf. For more on Crime visit my blog spot [marktoombsmrsh.blogspot.com](http://marktoombsmrsh.blogspot.com). and answer my Crime survey.*

***The Tories have gone from a poor record in power to a policy vacuum!"***

# VOTE BLUE TO GO GREEN??? No!

Friends of the Earth gave Cameron's Scottish manifesto a nought out of 10 for its environmental content. WWF also ranked the Conservatives bottom among the main political parties for the footprint of their manifesto.

**The Liberal Democrats came top among the main political parties in both surveys.**

## Recycle Plastics

The Council has agreed to look into the possibility of having these sited at Summerfields. This would help residents and would also help the Borough meet its waste recycling targets. The plastic waste is then taken to St Helens to be recycled.

**A Speed Indicator Device only shows a motorist's speed.**

## Mark fights to cut motorist's speed in Dean Row.

Mark is concerned that motorists are forgetting that immediately they leave the A34 the speed limit is 30mph. Speed greatly increases the severity of any accident, particularly when a pedestrian is involved.

Mark favours the use of Speed Indicator Devices (SID) rather than Fixed Speed Cameras. Visit [marktoombsmrsh.blogspot.com](http://marktoombsmrsh.blogspot.com).

## Mark knows a winner when he sees one!

Mark Hunter, Lib Dem MP for the neighbouring constituency of Cheadle, congratulates Mark Toombs on being selected to fight Dean Row and offered him his support.
